BAINBRIDGE-GUILFORD CENTRAL SCHOOL PROFILE

Bainbridge-Guilford is a rural school district located in the Southern Tier of New York between Binghamton and Oneonta off Interstate 88. Industrial sites in neighboring cities provide employment opportunities for the Bainbridge-Guilford work force at companies such as Agro-Farma Inc., Corning in Oneonta, Unison, Proctor & Gamble, Raymond Corporation, Amphenol Corporation, ACCO Brand Office Products, SFCU, and Upturn Industries. The district is comprised of three buildings - the Guilford Elementary School (preK-1); the Greenlawn Elementary School (grades 2-6); and the Junior/Senior High School complex (grades 7-12). Student enrollment includes approximately 840 students in grades Pre-K-12. The school district is the largest employer in the community with approximately 190 faculty and staff.

In addition to the NYS Regents course of study, high school offerings include Advanced Placement courses in Literature and Composition, Calculus, U.S. History and Global Studies. We currently offer 18 dual enrollment college courses through Tompkins Cortland Community College including Approaches to Literature, Academic Writing, Living Environment, Spanish 3, 4 and 5, Music Theory, Chemistry and Statistics. In addition, students may take Micro and Macro Economics classes as dual enrollment courses in cooperation with SUNY Broome. Students have the option of pursuing their associate's degree while in high school through Tompkins Cortland Community College. Elective courses are available in Art, Music, Business, Family and Consumer Sciences and Technology. Students must complete a minimum of 22 credits to graduate. New Vision programs in Allied Health and Law and Government are offered through the DCMO BOCES along with fourteen other Career and Technical Education programs.

Our student body also has a long tradition of support for extracurricular activities including student government, odyssey of the mind, yearbook, LOTE clubs, honor society, color guard, Yes!leads and interscholastic athletics. B-G is a member of the Mid-State Athletic Conference. We have a strong music program, including orchestra, chorus, stage band, pep band, and jazz band. We encourage participation in all school activities as part of our philosophy. Our school district strongly believes that participation and success in all school functions go hand-in-hand with academics. We expect excellence from our students in all endeavors.

GRADING: Bainbridge-Guilford uses a numerical marking system. The final grade is based on the four quarter average. The minimum passing grade to receive course credit is 75. Our academic schedule is comprised of traditional, semestered and blocked courses. A course that meets everyday for one semester for 80 minutes and a course that meets all year long for 40 minutes both receive one credit. A course that meets every other day for 80 minutes for the entire year receives one credit. A course that meets every other day for 40 minutes the entire year receives ½ a credit. One credit courses are given twice as much weight as ½ credit courses when calculating cumulative average. Dual enrollment and AP course grades are multiplied by 1.1 due to the increased challenge associated with the course. Cumulative GPA and class rank are based on weighted averages.

Class of 2017 Achievements

DIPLOMAS AND AWARDS		POST SECONDARY PLANS	STANDARDIZED TEST SCORES CLASS OF 2016		
	%
